

Price list 2009/10 (In £'s excluding VAT and delivery)

AERATION EQUIPMENT

ECO	Non electrical venture unit, ideal for small ponds & rearing tanks	40.00
Splash 0.5hp	Splash type aerator, throws 2000 litres of water upwards with float and 20m cable	600.00
Splash 1hp	Splash type aerator, throws 3200 litres of water upwards with float and 20m cable	635.00
Splash 1.5hp	Splash type aerator, throws 4100 litres of water upwards with float and 20m cable	655.00
Sprint 1hp	High throw fountain style aerator, decorative-throws 1110 litres of water	760.00
Sprint 1.5hp	High throw fountain style aerator, decorative-throws 1250 litres of water	790.00
EOLO 0.8hp	Venturi, air injecting aerator providing both oxygenation and creating flow	745.00
EOLO 1.3hp	As above but with more powerful motor for greater effect.	765.00
Force 7 1hp	Powerful venture air injecting aerator, provides oxygenation and also flow	745.00
Force 7 1.5hp	As above but more powerful motor for greater effect	765.00
Force 7 Pro 3hp	As above but more powerful motor for greater effect (3 phase only) #	1315.00
Force 7 Pro 5hp	As above but more powerful motor for greater effect (3 phase only) #	1535.00
Brio 0.5hp	Water circulator/ aerator creates flow and de stratifies the water	655.00
Brio 1hp	As above but more powerful motor for greater effect	680.00
Rio Bravo 1hp	Large propeller water circulator/aerator with geared motor for greater circulation	1815.00
Rio Grande 2hp	As above but more powerful motor for greater effect (circulates 3000 cu/m per hour)	1865.00
Flash 0.5hp	Air injector motor mounted in a square float. Pointing straight down with protection grid.	635.00
Flash 1hp	As above but more powerful motor for greater effect	655.00

COMBINATIONS

Combito (2.5hp total)	A 1hp Brio circulator coupled with a 1.5hp Force 7 air injector under the same float system. A combination of good aeration with improved circulation.	1315.00
Combo 2.5 (2.5hp total)	A 1hp Rio with a 1.5hp Force 7 under the same float system. A combination of good aeration with improved circulation.	2325.00
Combo 3.5 (3.5hp total)	A 2hp Rio with a 1.5hp Force 7 under the same float system. A combination of good aeration with improved circulation.	2390.00
Combix 5 (5hp total)	A 2hp Rio coupled with 2 x 1.5hp Force 7 under the same float system. A combination of good aeration with improved circulation. (5hp available for single phase)	2635.00
Combo Pro 5 (5hp total)	A 2hp Rio with a 3hp Force 7 under the same float system. A combination of good aeration with improved circulation. (available for 3 phase only)	3295.00

All motors are available in single or 3 phase, with the exception of the Force 7 Pro 3hp & 5hp which are available in 3 phase only

ACCESSORIES

Lighting Kit	For fountain aerators with choice of colours 3 lights with 20m cable transformer and timer	545.00
Water draw tube	Fitted below splash to draw water from depth for greater de stratification per 600mm	45.00
Black float cover	Float cover for all aerators. Place over existing blue float to improve visual aspect.	95.00
Weed/line guard	Stainless Steel for force7 & EOLO(Plastic fish guard fitted as standard)	45.00
Weed/fish guard	Stainless Steel for Splash/Sprint (fitted as standard on new machines)	45.00
